

COUNTY OF LOS ANGELES - DEPARTMENT OF MENTAL HEALTH

Long Beach Child and Adolescent Program

VACANCY ANNOUNCEMENT

Clinical Psychologist II

This is not an official examination bulletin

The Long Beach Child and Adolescent Program is seeking a qualified, motivated individual with a broad range of clinical and supervisory experience and leadership skills to fill the position of Clinical Psychologist II in an outpatient setting.

The individual selected for this position will be responsible for supervising program staff and interns and will assist the program head and administrative staff to ensure appropriate administrative functioning and oversight of operations of the clinic.

EXAMPLE OF RESPONSIBILITIES

- Provide clinical and administrative supervision to social workers, case managers and others in the delivery of mental health services to SED children, youth and their families.
- Assist with crisis intervention and emergency hospitalizations of children and youth.
- Run team meetings and other meetings as needed.
- Administer psychological testing and formulate testing reports.
- Provide supervision to interns in the social work and psychology internship programs.
- Become proficient in the EBP's utilized in the program and provide supervision in these models as well as training for new staff.
- Assist with and oversee data collection for the evidenced based practices utilized in the program.
- Review clinical records for quality assurance.
- Interface with various agencies related to clinical and administrative services.
- Triage incoming cases, crisis situations and inquires from the public and clients.
- Provide back up to program manager when requested.
